

## منهج فرع الكيمياء الحياتية للمرحلة الثانية ٢٠١٦-٢٠١٧

### 1-Muskeloskeletal Module:

#### List of Lectures:

|   | Lectures:        | Lecturer   |
|---|------------------|------------|
| 1 | PTH & Calcitonin | Dr. Hashim |
| 2 | Bone metabolism  | Dr. Hashim |

#### List of Seminars:

|   | Seminars:              | Lecturer  |
|---|------------------------|-----------|
| 1 | Causes of osteoporosis | Dr. lewai |

#### Lists of Practical Topics (2 hours/session):

|   | Labs                                  | Lecturer      |
|---|---------------------------------------|---------------|
| 1 | Estimation of Calcium and phosphorous | Lecturer Huda |

## 2- Nutrition Module:

### List of Lectures:

|    | Lectures  | Lecturer   |
|----|---|------------|
| 1  | Minerals.   | Dr. Hashim |
| 2  | Trace elements.                                   | Dr. Hashim |
| 3  | Lipid soluble Vitamins I (A and E).               | Dr. Yasser |
| 4  | Lipid soluble Vitamins II (D and K).              | Dr. Yasser |
| 5  | Water soluble Vitamins I (B complex).             | Dr. Yasser |
| 6  | Water soluble Vitamins II (Vitamin C and folate). | Dr. Yasser |
| 7  | Digestion & absorption of CHO                     | Dr. Thaer  |
| 8  | Metabolism of CHO I                               | Dr. Thaer  |
| 9  | Metabolism of CHO II                              | Dr. Thaer  |
| 10 | Metabolism of CHO III                             | Dr. Thaer  |
| 11 | Digestion and Absorption of proteins              | Dr. Hashim |
| 12 | Proteins and Amino acids metabolism.              | Dr. Hashim |
| 13 | Metabolic Defects in amino acids metabolism.      | Dr. Hashim |
| 14 | Digestion and Absorption of Lipids                | Dr. Yasser |
| 15 | Lipids metabolism ( $\beta$ - Oxidation).         | Dr. Yasser |
| 16 | Fatty acids synthesis.                            | Dr. Yasser |
| 17 | Ketogenesis.                                      | Dr. Yasser |
| 18 | Cholesterol synthesis.                            | Dr. Yasser |
| 19 | Lipoproteins metabolism.                          | Dr. Yasser |

### List of Seminars:

|   | Seminars      | Lecturer   |
|---|---------------|------------|
| 1 | Ketoacidosis. | Dr. Yasser |

### List of Tutorial (1 hour/session):

|   | Tutorials       | Lecturer   |
|---|-----------------|------------|
| 1 | HMP shunt       | Dr. Thaer  |
| 2 | Lactic acidosis | Dr. Raghad |

### Lists of Practical Topics (2 hours/session):

| No. | Labs                              | Lecturer |
|-----|-----------------------------------|----------|
| 1   | Estimation of blood glucose       | Lec.Huda |
| 2   | Estimation of S. HDL Cholesterol. | Lec.Huda |

### 3-Cardiovascular module:

#### List of Lectures:

|   | Lectures        | Lecturer              |
|---|-----------------|-----------------------|
| 1 | Lipid profile   | Dr. Yasser Abbas      |
| 2 | Cardiac enzymes | Dr. Lewai S Abdulaziz |

#### Lists of Practical Topics (2 hours/session):

| No. | Labs           | Lecturer   |
|-----|----------------|------------|
| 1   | Serum Troponin | Dr. Tahrir |

### 4- Digestive Module:

#### List of Lectures:

|   | Lectures  | Lecturer   |
|---|---|------------|
| 1 | biochemical functions of the liver              | Dr. Ikhlas |
| 2 | Bilirubin metabolism                            | Dr. Ikhlas |
| 3 | Exocrine pancreatic function & tests            | Dr. Ikhlas |
| 4 | Bile acid synthesis & enterohepatic circulation | Dr. Ragad  |

#### List of Seminars:

|   | Seminars  | Lecturer   |
|---|---|------------|
| 1 | Liver function tests & Investigations strategy for liver disease. | Dr. Tahrir |
| 2 | Jaundice  | Dr. Ikhlas |

#### Lists of Practical Topics (2 hours/session):

| No. | Labs                | Lecturer   | Hall NO.     |
|-----|---------------------|------------|--------------|
| 1   | S. Aminotransferase | Dr. Tahrir | Biochem. Lab |
| 2   | S. Bilirubin        | Lec. Huda  | Biochem. Lab |

## 5-Respiratory Module:

### List of Lectures:

|   | Lectures                           | Lecturer   |
|---|------------------------------------|------------|
| 1 | Role of lung in acid-base balance. | Dr. Ikhlas |
| 2 | Buffers system.                    | Dr.Ragad   |

## 6-Haemopiatic Module:

### List of Lectures:

|   | Lectures                        | Lecturer   |
|---|---------------------------------|------------|
| 1 | Metabolism of hemoglobin        | Dr. Ragad  |
| 2 | Hemoglobinopathy                | Dr. Yassir |
| 3 | G6PD deficiency                 | Dr. Lewai  |
| 4 | Sickle cell anemia, thalassemia | Dr. Yassir |

### List of Seminars:

| No. | Seminars                               | Lecturer   |
|-----|--|------------|
| 1   | Biochemical tests in Multiple myeloma. | Dr. Ikhlas |
| 2   | Gamma globulinopathy                   | Dr. Tahir  |

### List of Tutorial (1 hour/session):

|   | Tutorials | Lecturer  |
|---|-----------|-----------|
| 1 | Porphyria | Dr. Ragad |
